SLT TELETHERAPY: GENERAL

1. A sample SLP therapy session with Lisa Jiannetto (12 min) and gives an idea of how a session can work

https://www.youtube.com/watch?v=UWC2bSwWTYA&fbclid=IwAR3xqjnr6QP_iGCQ81zGGgdEkJ6nepRiOT6M_wHMC7JKnjVaekeQblQrvo

2. A sample SLP therapy session - Sarah Wu (11 min) on how to do Teletherapy

<https://www.youtube.com/watch?v=EILW2YGKq7U>

3. A sample of a therapy session with Jill Shook (9 min) demonstrating a Zoom Teletherapy session, as well as how to set it up, use of Boom cards and technical issues encountered.

<https://www.youtube.com/watch?v=46pcS4sRHJk>

3. ASHA: Telepractice resources during COVID-19: Please note that some content is not all relevant to our SA context, There are a number of other links to follow on getting started with TeleTherapy, relevant articles on TelePractice and TelePractice as a service delivery model.

<https://www.asha.org/About/Telepractice-Resources-During-COVID-19/>

4. The Informed SLP' is an American organisation that organise research articles and present their paying members with a synopsis of the articles in order to bridge the gap between academic research and what clinicians need in their everyday working environment. During the Covid 19 pandemic they are offering free access to their 'Evidence Based telepractice for SLP' research articles in addition to 30% off their membership fees (usually \$7 a month, billed each quarter).

[all the evidence we could find on telepractice.](#)

5. Teletherapy Bootcamp: Teletherapy Bootcamp is a 7-hour web conference addressing all things Teletherapy for Speech-Language Pathologists including: Early Intervention, Pediatric, School-Based and Adult Therapy. It follows a group of American Speech-Language Therapists discussing various elements of Teletherapy and is conducted in collaboration with the California Speech Language Hearing Association. Although long, it includes interesting ideas, platforms to use and experiences from therapists who have been conducting Teletherapy for many years.
